Experience

Software Engineer
CapTech Consulting

NOVEMBER 2020 - MAY 2023

- Developed and delivered applications, dashboards, and websites by leveraging JavaScript, Angular, React, and TypeScript
- As a senior consultant, I collaborated with shareholders and cross-functional teams to understand client requirements and deliver innovative software solutions for Fortune 500 clients, including multiple large financial services companies
- Designed and implemented responsive, accessible, mobile-friendly interfaces and optimized user experiences using Figma, Sketch, and InVision
- Employed agile methodologies and project management techniques to streamline development processes and meet project deadlines

Web Developer
SignUpGenius

JULY 2016 - NOVEMBER 2020

- Created dynamic and responsive applications, landing pages, and emails with HTML, CSS/SCSS, JavaScript/Angular, jQuery, and ColdFusion for use across multiple browsers
- Designed multiple interfaces, landing pages, and emails in a team-based environment using tools such as Sketch, Affinity Designer, and InVision Freehand
- Worked with multiple teams in tandem (UI/UX, Development, Marketing, Testing, and Support) in an Agile development process environment

Front End Engineering Student
The Iron Yard

FEBRUARY 2016 - JUNE 2016

- Studied and created projects using HTML, CSS/SCSS, JavaScript, and Angular, and API utilization
